

# Trace Tidwell

## Computer Science Graduate Student

### Personal Info

#### Address

450 Dan Pl SE  
Smyrna, GA 30082

#### Phone

(770) 714-9747

#### Email

trace@trace.tidwell.com

#### Website

www.tracetidwell.com

#### LinkedIn

www.linkedin.com/in/tracetidwell

### Skills

#### Autodesk AutoCAD

#### Autodesk Inventor

#### Microsoft Office

### Software

#### Python

#### SQL

#### Java

#### TensorFlow

#### Git

### Languages

#### German

Newly accepted computer science graduate student. After achieving my goal of returning to Georgia Tech, I am now looking to gain experience in my new field, particularly in the area of machine learning. Fully committed to this career change and eager to prove myself.

### Experience

01/2016 – 04/2017 **Mechanical Engineer**  
*Southwire Company*

- Managed security upgrades for facility (~\$100k)
- Managed renovation of facility including new break room and offices (~\$300k)
- Began project to repair and expand facility (~\$1MM), resulting in savings of \$500k/yr
- Prepared quotes for upgrade of water treatment plant for main campus (~\$250k)
- Designed and installed propane filling station for R&D center
- Prepared quotes for upgrade of compressed air system for facility (~\$250k)

07/2014 – 01/2016 **Specifications Engineer**  
*Southwire Company*

- Assisted in the implementation of Manufacturing Specification System, CableBuilder
- Developed method for creating plant alternatives that cut processing time in half
- Created process for updating packaging table, reducing time from 1 day to 2 hours
- Created Product Specification Sheets for using SQL/Crystal Reports
- Programmed formulas to calculate product specifications in JavaScript
- Tracked new orders, change orders, and specification changes using JIRA

10/2013 – 07/2014 **Development Engineer**  
*Southwire Company*

- Launched two new mining cable products

01/2009 – 08/2013 **Mechanical Engineer**  
*thyssenkrupp Resource Technologies*

- Created CAD drawings, 3D models, and BOMs for new and existing equipment
- Acted as technical contact throughout quoting and purchasing process
- Inspected and assisted in the installation and servicing of equipment
- Completed 2 ½ year training program in main office in Germany specializing in grinding technology

### Education

08/2018 – 07/2020 **Georgia Institute of Technology**  
Master of Science, Computer Science – Machine Learning

08/2017 – 05/2018 **Kennesaw State University**  
Graduate Certificate, Computer Science Foundations

08/2003 – 12/2008 **Georgia Institute of Technology**  
Bachelor of Science, Mechanical Engineering

### Courses

Python for Data Science and Machine Learning Bootcamp  
Complete Java Masterclass  
Complete Python Masterclass  
Deep Learning Foundations Nanodegree

### Projects

Classification – Compared performance of 5 classifiers on census data to predict high or low income  
Clustering – Implemented K-means algorithm  
Deep Learning – CNN for image classification, RNN for script generation, RNN for text translation, GAN for face generation  
Triathlon – Race Time Predictor, Workout Planner, Workout Analyzer
